### **REMARKS**

In response to the Restriction Requirement of November 30, 2005, Applicants hereby elect method claims 43 - 50, corresponding to Invention IV. Applicants have canceled claims 29 - 42. This cancellation is being made without prejudice to the filing of a divisional application for these claims and/or other claims.

Applicants are not traversing the restriction requirement because Applicants agree that the unpatentability of Inventions I, II, and III corresponding to Claims 29 - 42 would not necessarily imply the unpatentability of Invention IV corresponding to Claims 43 - 50.

In view of the above, Applicants respectfully request favorable examination and allowance of claims 43 - 50. If any extension of time for the accompanying response or submission is required, Applicants request that this be considered a petition therefor. The Commissioner is hereby authorized to charge any additional fee that may be required or credit any refund to our Deposit Account No. 50-0220.

Respectfully submitted,
